1 | Welcome to The F8 Club

The F8 Club is a new and innovative NFT company. Our projects are comprised of a unique fusion of **high-quality art**, **creative gaming**, and **diverse utilities**, which make us stand out amongst other NFT drops.

Within a cosmic constellation deep into the metaverse, an army of futuristic F8 Bots assemble to compete in intergalactic races, in a diverse and dynamic fleet of innovative F8 Ships. In order to battle it out in races through space and time for the chance to win the prestigious prizes and the valuable F8 Coin, teams must consist of 1 ship and 3 F8 Bots:

- A ship is only as good as the **Pilot** in charge
- Every vehicle requires a **Mechanic** on hand to keep on top of maintenance
- You never know when a battle may commence when travelling between galaxies, so a **Weapons Engineer** must be ready for anything!

In other words just a bunch of bad-ass robots racing fancy flying thingys to try and win money and other cool shit!

2 | Executive Summary

While some NFT projects have a philanthropic element, The F8 Club is absolutely the first project not to be just giving % cash sums to charitable organisations, but to roll up it's sleeves, and fulfil real-world improvement endeavours we call 'F8 Projects'.

In the very near future one of the features of buying a F8 NFT is access to our exclusive club. Within this club members will have many amazing benefits, one of which is having their say in which F8 Project we tackle next, via our voting system. The more NFTs our members hold, the more times their vote is counted.

Every F8 Project will be closely documented on our socials, website and our F8 influencer channels. Moreover, Funky Matas will be hosting The F8 Club as a TV show on YouTube so you can see everything unfolding and come on this incredible journey with us.

In juxtaposition to our F8 Projects we are giving our F8 NFT buyers the opportunity to win some of the most prestigious and lavish prize packages the world has ever seen. Most people would love to sample the experience of being a multi-millionaire, where every whim is catered to without a second thought. We are giving our prize winner the chance to live this life for a week. In the most amazing and high-living locations around planet earth. Think penthouse suites, exclusive villas, first class travel, personal chefs, and every one of the best high-life experiences these locations can cater for. The kind of high-end living even millionaires probably wouldn't waste their hard earned cash on. We are allowing our winners to get this out of their system.

Most importantly this will happen with every drop that the F8 club does!

3 | Road Map v1.0

WELCOME TO THE F8 CLUB!

Let the party begin, join other fellow holders on Discord, and get ready for the wild ride ahead. We will be raffling 5 F8 ships once we reach 25,000 members on Discord.

20% - Instant Longevity

Ship holders will be rewarded as a thank you for being part of the community. 10% of the secondary-market royalties will be dedicated to a special fund to ensure the F8 Club's longevity through its vast selection of celebrities and influencers with an extensive marketing campaign.

50% - Game Development

Game production begins, 3-4 months after this point the fully mapped play to earn game will be developed. The first of a series of games has already been fully mapped and pre planned ,ready for holders to start staking their NFTs against the \$f8te coin (See Tokenomics for more info)

75% - Giveaways initiated

A total of 10 bots, 1 including 1 of each F8 bot (3 in total) will be raffled among all the Ship holders.

100% - Full Prizes initiated! 72 hours after sell out we will raffle the previously listed prizes LIVE on our socials. Our aim is for complete transparency, and we will make this one of the most publicly visible and community driven projects ever seen within the NFT world.

Phase 2 initiated

Please see road map v2.0 for further details on the next stages of The F8 Club including coin release, staking and tokenomics. (www.thef8club.io)
